GUIDELINES

When arriving for swim lessons, parents/guardians should bring their child to the assigned area for their lesson and check in with an instructor. For the Tadpoles, Guppies, and Starfish classes, a parent/guardian is required to participate in the water for the duration of the class. No parent participation is required for the Minnows, Stingrays, and Dolphins classes. It is imperative and expected that all swimmers will attend all four classes of the registered session. This will allow the student to obtain the skills needed and meet the goals of that class.

** Any swimmer that misses two or more classes in a session will be automatically put on a waiting list when they register for another session. They may fill an open spot in the class only. **

SWIM TEAM

SIX WEEK PROGRAM

June 27 to August 5

Practice Sessions

8:30 - 10:00 AM 11- 12 year old, 13 yrs and older

10:00 - 11:30 AM 8 yrs and younger, 9-10 year olds

We are excited for another great season of swim team this summer! The swim team is available to members who are 18 or younger. While there is not a set minimum age requirement, all potential members of the swim team are expected to be strong swimmers and should be able to complete one lap on their own without any assistance. Swimmers will be broken up into groups based on their age. The four different practice groups are: 8 & Younger, 9 and 10 year olds, 11 and 12 year olds, and then 13 & Older. All practices are held Monday-Friday mornings at the Lake Naomi Pool. The Lake Naomi Swim Team will also compete in meets throughout the summer against other local neighborhood community teams. We were undefeated during our last traditional season so we are looking forward to some exciting competitions this year as well!

Swimmers are required to be properly prepared for all meets and practices. Swimmers must have a bathing suit, goggles, towel, and water bottle for each practice. A blue bathing suit is required for meets. It is also required that the females have a one piece suit, and the males have a jammer or brief. All of the required equipment can be purchased from djsports.com or from swimoutlet.com.

Clean Up Your Fishing Site!

The Lakes and Streams throughout the Lake Naomi and Timber Trails Community are shared by fellow Club Members for various recreation activities. It is essential for all fisherpersons to clean up their fishing sites before they leave. Litter, including bait containers, fishing line and plastic and paper wrappers, are unsightly to Club Members and a potential danger to wildlife and bare feet.

PA Fishing License

Purchase your fishing license online at PA Fish and Boat Commission website – www.fish.state.pa.us/license.htm. It only takes a few moments to purchase your PA Fishing License and related permits (stamps). If you rent your home please share this information with your renters so they too can enjoy great fishing at LN-TT. Any questions on the locations of sport and bait shops in our area where you can obtain regulations, laws and licensing should be directed to the Administrative Office (570) 646-9191.

Special Note:

The Lakes Committee encourages LIVE RELEASE of all Trout. All bass and walleye must be live released. Takes special care to not over tire, squeeze or injure the fish. If possible, keep the fish in the water and gently remove the hook and release when fish is revived. If fish is deeply hooked simply cut your line close to the fish's mouth. Releasing these species not only increases reproduction, but allows them to provide you sport another day.

HOW TO RESPONSIBLY RELEASE FISH

DON'T let them flop around on the ground, dock, or boat bottom.
DON'T throw them into the water.
DON'T handle them with dry hands.
DON'T rip hooks out of their mouths.
DON'T squeeze them tightly.
DON'T grab bass around the middle or through the gills.

DO release them as soon as possible.
DO slide the fish gently into the water and if they are stressed, lead them head first through the water until they recover.
DO keep them in the water as much as possible.
DO remove hooks carefully.
DO immobilize bass by holding them at the center of the jaw with thumb and fore-finger.

LAKE NAOMI - TIMBER TRAILS SHUTTLE BUS SERVICE

Please Note: The Shuttle Bus Stops and Times discussed in this publication are based on the RED Shuttle Bus Route. Due to much expansion here at Lake Naomi Club, we now have three different shuttle bus routes:

The **RED Route** runs for Night Rec.

1. The Lake Naomi Club Shuttle Bus Service is for participants utilizing the above programs only.
2. The Red Shuttle Bus is based on a one hour run, therefore for any given program, the Shuttle Bus will begin its route one hour prior to the program starting.

For example: If your stop is Conestoga and Long Rifle Road, and the trip you are going on meets at the Community Center at 5:30 PM, you can be expected to be picked up at 4:46 PM.

Please Note: Pick-up times will always remain the same (the 1 hour before an event/program/trip); however drop off times will vary according to how many children are riding the bus.

For example: If drop off is scheduled to be one hour after Night Rec at 9:00 PM, but there are only three children on the bus to be dropped off, the bus driver will go immediately to these three stops and not do the entire route in succession (which takes the whole 1 hour).

FAQ: How will I know which bus route is being run when all the busses look the same?

Answer: When the Red Shuttle Bus Route is the one taking place, there will be red markings on the front window, back window and side windows of the bus.

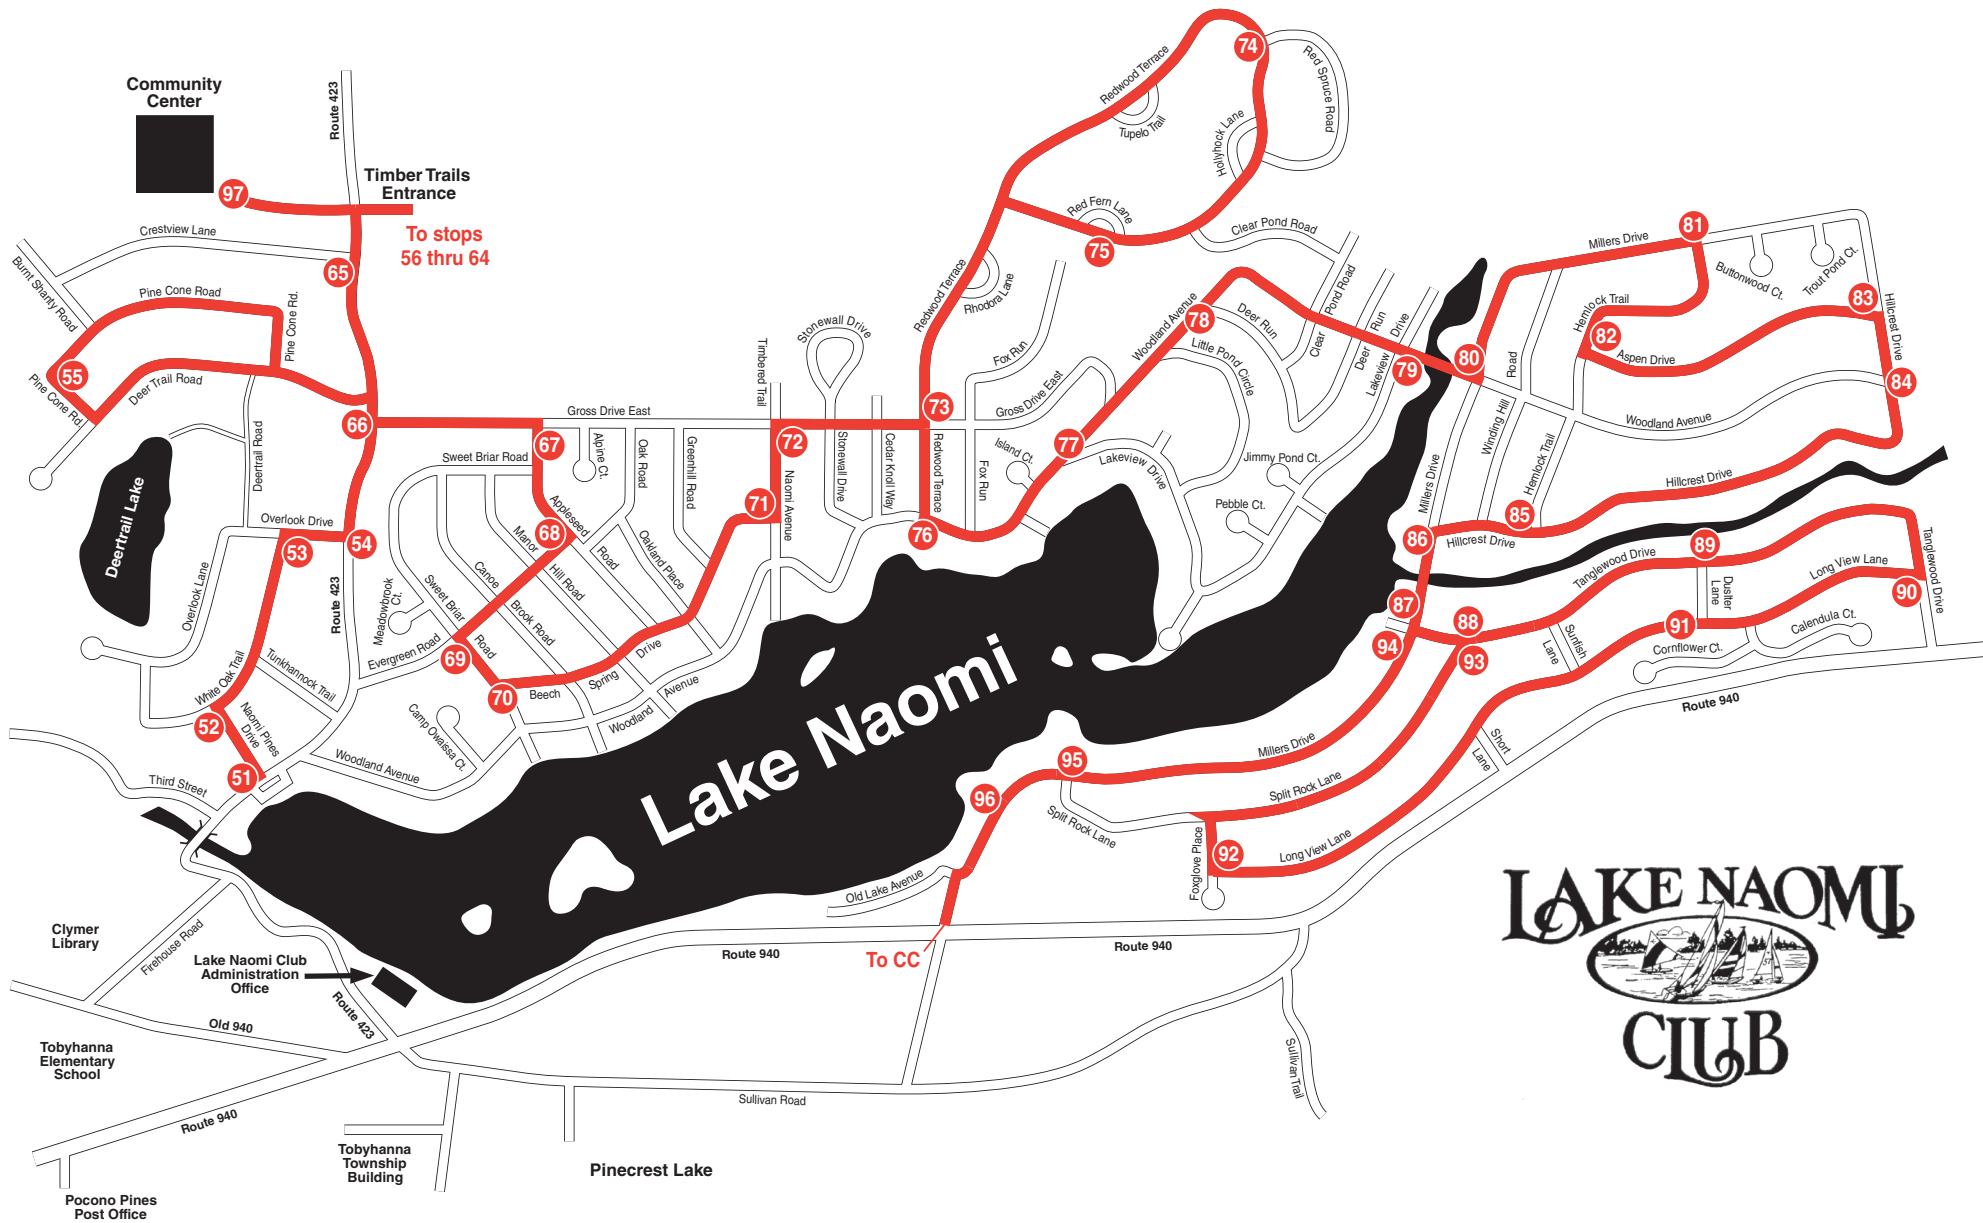

3. All times listed on the schedule are approximate times, **kindly allow five to ten minutes either way.**
4. The Shuttle Bus will be happy to pick up any children (utilizing the above programs) between the stops listed anywhere along the route provided the bus can make a safe pick up. Just flag the bus down. The bus will NOT make pick-ups or drop-offs which are not located along the route.
5. The Shuttle Bus is not a school bus - other drivers are not required by law to stop for it. Please instruct your children not to cross the street when they see the bus until the driver signals them to do so.
6. There is no charge for the use of the Shuttle Bus Service.
7. The shuttle bus service is a privilege. Anyone endangering the safety of the bus driver or other children on the bus will not be allowed to use this service.
