Lake Naomi and Timber Trails Communities are a haven for families seeking peace, tranquility, natural beauty and exceptional recreational opportunities. To preserve that environment, the general rule to follow is the Golden Rule – behave toward others as you would want them to behave toward you. Deed Covenants – provide the basis for the standards the HOA has adopted, for example requirements to avoid negatively impacting neighbors.

Bylaws – detail the governance of the HOA.

Code of Conduct - Each HOA has also adopted its own guidelines to ensure everyone's enjoyment of all that the Communities offer. These include noise restrictions, safety precautions and other rules.

The deed covenants, bylaws and code of conduct are unique for each HOA and can be found online at www.lakenaomiclub.com under Community Association/Pocono Pines for PPCA and Community Association/Timber Trails for TTCA.

Architectural Standards & Requirements (AS&R) - The LNC Architectural Standards & Requirements are a critical component of the community's governance and support maintaining the natural habitat and the woodland feel of the community. In recent years Members have inquired on behalf of charitable causes to gain access to the LNC Membership for fundraising. At the same time we hear from our Members that wish not to be solicited or have to go through charitable vendors to enjoy our amenities. It is with this in mind that the Board of Governors wish to establish guidelines to Member - sponsored fundraisers at Lake Naomi Club.

- LNC committee-sponsored events are permitted to have funds donated to an organization of its choice.
- LNC will provide a fundraising and local interest page that can be promoted and linked to LNC publications, newsletters and eblasts for Member Fund Raisers. This page will allow organizations to advertise upcoming Fund Raisers, volunteer opportunities, and local events. Advertising or promoting member-sponsored Fund Raisers will not be permitted in Reflections or on the LNC website.
- Utilization of LNC facilities for a Fund Raiser requires that all applicable fees from Members/Guests are paid (e.g. golf/tennis fees). These events must be planned at appropriate times as arranged with the management team. Use of facilities during peak times that will unduly impact our Membership will not be permitted. Appropriate levels of guaranteed attendance may be required to secure exclusive use of a facility.

- Members may pay for their purchases using their credit cards, debit cards or member charge.

MEMBER CHARGE

All Members have the convenience of Member Charge which is a “house account” used to charge for services and/or merchandise at any Club facility to their account rather than paying at the time of service. Member Charge cannot be used for payment of club dues, association fees or other fees due to the Club. It also cannot be used for payments through Camp Brain (kids kamp, sports clinics, sailing lessons, etc). To use member charge, each member must present their Membership ID Badge to the cashier/waitstaff notifying them to member charge the purchase.

The Base Member (the Member WITHOUT the “dash” and two-digit extension) may monitor charges, limit family spending, make a payment using bank withdrawal (ACH) or set up automatic payments with a credit card, by visiting the My Account on Member Section of the website.

Statements are emailed the beginning of each month with payment due no later than the 20th of each month. Payment options include cash, check or credit card at the Administrative Office; ACH or credit card online; check mailed to Lake Naomi Club, PO Box 4137, Scranton, PA 18505-6137.

A credit card can be set up for automatic payments under My Account, Credit Card. Automatic payments are charged to the credit card on file on the 25th of each month. The Member Charge Credit Card Payment Authorization Form must also be submitted for automatic payments. This form can be found My Account, Member Charge. Please note the Club does not hold credit card information on their server. The credit card information is entered on a secure platform and a token is issued to the Club.

ACH is also available where money can be deducted from the Member's assigned bank account on the chosen date. To set up the ACH-EFT payment go to Make Payment page (My Account, Make Payment) select "Create a new ACH-AFT Account" from the drop-down menu "Please Select Payment Option". Then fill out the account information which will be saved for future use. There is no recurring automatic payment available with ACH. The base member will need to choose a payment date each month. Like the credit card information, the Club does not hold this information on their server. The bank information is entered on a secure platform and a token is issued to the Club.

Family spending limits are available by completing the Family Account Spending Form under My Account, Member Charge. All covered family members will have the ability to utilize member charge for any amount unless limits are set. To make Member Charge unavailable to a family member simply set the limit to zero for that family member.

Member Charge is available to Special Family Members. Special Family Members have their own account and are not billed to the sponsoring member.

GENERAL INFORMATION

ADDRESSES AND TELEPHONE NUMBERS

In order to protect the privacy of all Club Members, the Administrative Office is only permitted to give out the addresses and telephone numbers of Club Members to bonafide law enforcement agencies. If there is an emergency and you need to reach another Club Member, you can call the Administrative Office. The Administrative Staff will in turn contact the Club Member you are attempting to reach and request that they call you. Please remember that this procedure is for emergency situations only. If you wish to contact another Club Member for a non-emergency

matter, send them a letter or email via the Administrative Office (along with a written request) and the Administrative Staff will forward your letter or email. The name and mailing address of each Property Owner in Lake Naomi and Timber Trails is a matter of public record at the Monroe County Court House. If you are receiving mailings from Real Estate Firms and the like that you do not wish to receive — the Club suggests that you contact them directly and ask them to remove your name from their mailing list. Remember the Club has not provided these people with your name and address, nor does the Club have any control over these independent mailings. The same procedures applies to Members' email addresses too. We can email your request to the Member and then the Member can contact you.

ALL-TERRAIN VEHICLES

All-Terrain Vehicles (A.T.V.'s), Three Wheelers, Four Wheelers, Mini-bikes, Motorized Scooters, Dirt Bikes, etc. are banned from all Club Property, Association Property, Common Areas and roads in Lake Naomi and Timber Trails. Club Members who do not heed this regulation are subject to loss of Lake Naomi Club privileges and other sanctions deemed appropriate by the Association Boards of Directors and/or the Club Board of Trustees.

CYCLING/WALKING SAFETY RULES

Remember — traffic laws apply to bike riders, too! When riding along a street or highway, you should follow these rules:

- 1) Safety helmets are required for bicyclists age 12 and under, by law, in Pennsylvania. They are wholeheartedly recommended by the Club for bicyclists of all ages.
- 2) Ride on the right side of the roadway, with traffic.
- 3) Ride single file, never side by side.
- 4) Whenever possible, give a hand signal to let other riders or drivers know that you intend to turn or stop.
- 5) Obey yield or stop signs and all traffic lights.
- 6) Keep hands on the handlebars at all times — riding "no hands" is dangerous and unlawful.
- 7) Never carry another person on your bike unless it is a bicycle built for two.
- 8) Never hitch rides by holding onto cars or other vehicles.
- 9) Be sure to lock bikes at all times when unattended at Lake Naomi Club facilities or programs.
- 10) Always use the bicycles/pedestrian path to get from the entrance to Timber Trails to Gross Drive in Lake Naomi.
- 11) When walking or jogging, stay on left side of the road facing traffic.
- 12) Walk and jog in single file when traffic approaches.

Violators of these rules and regulations are subject to receiving citations from the Pocono Mountain Regional Police Department.

DOGS AND PETS

Lake Naomi and Timber Trails Rules and Regulations and Pennsylvania State Laws require that all pets be on their owner's property or under the control of their owners at all times. The Lake Naomi - Timber Trails code of conduct states the following:

- 1) All pets must be properly licensed according to State, County or Municipal laws.

- 2) It is the responsibility of the handler to pick up and properly dispose of all dog feces.
- 3) All dogs must be on a leash under 8 feet in length and under the control of their handler at all times when not on the owner's property. The leash requirement is in effect year round!

Under no circumstances are pets permitted to run at large. In addition, barking dogs are bothersome to your neighbors and the community at large. Barking dogs are also prohibited by the Tobyhanna Township municipal code. Please keep dogs that are prone to barking inside your home. Pets are not permitted at any of the Lake Naomi-Timber Trails Recreation Facilities including beaches and adjacent grassy areas. The only exception to this rule is service animals. A service animal as defined by the American with Disabilities Act is a pet that is individually trained to do work or perform tasks for a person with a disability. Please note that comfort and therapy dogs or animals do not have the training to do specific tasks in assisting a person with a disability or impairment; and are not protected by the American with Disabilities Act. Pets are permitted at Trout Pond, Lake Naomi and Tall Timber dam grassy areas, and the Dog Park located at the entrance to the Logan Steele Community Center.

DO NOT FEED DUCKS/GEESE

While the ducks and geese on the various lakes and ponds in Lake Naomi and Timber Trails may add a great deal to the beauty and serenity of the community, they also pose a tremendous threat to the health and welfare of all Club Members. The number of ducks and geese in the community has increased substantially over the last ten years. This increase is due largely to the cleanliness of the lakes and ponds and to the fact that Club Members feed the ducks and geese on a regular basis. The droppings from the ducks and geese have the ability to contaminate (and thus require closing) the beaches, etc. in a very short period of time. These droppings can also cause a number of highly infectious illnesses due to their very high fecal (bacteria) count. The Club needs your help in controlling the duck and geese population. *Please do not feed the ducks and geese under any circumstances.*

DO NOT FEED DEER

Many people feel that they are performing a kind act by feeding wild animals, especially deer. But actually they are creating problems for the deer such as the stronger deer become more aggressive, not allowing the weaker deer to feed. Disease is spread quicker when deer congregate in large herds. Deer feed is actually very bad for the animal's digestive system causing a rare condition called laminitis. This disease causes great pain when deer try to walk on deformed hooves that result.

Not only does artificial feeding of deer compromise the health of the deer, it also compromises the health of the forest. More and more deer are moving into the community and eating everything natural within their grasp. This action is not allowing our forest to regenerate which could cause total loss of our forest over time. The two Community Associations have taken serious steps to control the deer population to allow forest regeneration.

Deer Management steps have been successful however the issue remains very serious, and the two Community Associations for the Lake Naomi

– Timber Trails Community continue to prohibit deer feeding within the community. Feeding deer is punishable by fine. Please do your part to help the deer and the forest. *Please do not feed the deer.*

DOOR-TO-DOOR SOLICITATIONS

Door-To-Door solicitations of any kind are not permitted in Lake Naomi and Timber Trails. If you receive any type of door-to-door solicitation, please call the Gatehouse (570-646-2550) immediately so that prompt action can be taken.

FACILITY LIMITATIONS

The only exceptions to this regulation are planned activities at the Lake Naomi and Timber Trails Clubhouses and the Community Center.

ICE SKATING

Lake Naomi Club maintains an ice skating area located at Club Beach. The area is reliant on cold weather to become frozen and able to be skated on. Therefore, the ice skating area may not be open during certain periods. A flag hanging from the flag pole notes the safety of the ice; RED means DO Not use the ice as it is unsafe, GREEN means ice is OK to skate on. *It is not recommended to be on the ice in the non-designated area due to unreliable ice thickness from various water depths and currents.* Members and Guests must provide their own skates. Please remember the following guidelines:

1. Skating is at your own risk. Use caution!
2. Always check the flag to ensure ice thickness has been verified.
3. Never skate alone.
4. Helmets are recommended.
5. Please consider others while skating - skate under control.
6. Hockey playing should be restricted to designated hockey area.
7. Children (under 10 years) must be supervised by a parent or guardian.

LAKE ACCESS

Physical access to Lake Naomi and Deertrail Lake, as well as use of the shoreline areas on both lakes, is limited. Waterfront Owners on these two bodies of water annually pay an additional Membership Fee to secure the restricted use of the land between their lakeside property line and the lake. Club Members are requested to respect the desire for privacy on the part of the Waterfront Owners by limiting their access to the lakes to those areas specifically marked as beaches, marinas or access areas.

REQUIRED IRS DISCLOSURE

As an (Income) Tax-Exempt Club, the Lake Naomi Club is required by the Internal Revenue Service to make the following disclosure regarding the deductibility of payments to the Lake Naomi Club:

Membership Dues, Amenity Usage Fees, Application Fees, Capital Projects Fees and Clubhouse charges are not deductible as charitable contributions for Federal Income Tax purposes. However, such payments may be deductible as ordinary and necessary business expenses depending on the use of your Lake Naomi Club Membership.

Please note that all vehicles must be licensed, inspected, and insured in such a manner that they can legally be operated on any public (State or Township) roadway. In addition, vehicles are only permitted to be operated on the roadways, driveways and parking areas in the Community.

VANDALISM

The Lake Naomi and Timber Trails Community has been very fortunate over the years in that they have experienced a minimal amount of vandalism and theft both to Community Property and to the property of Club Members. However, any amount of vandalism and theft is unacceptable at Lake Naomi-Timber Trails. To further deter vandalism and theft in the Lake Naomi and Timber Trails Community, the Lake Naomi Club is prepared to pay a reward of up to Two Thousand Five Hundred Dollars (\$2,500) for information leading to the arrest and prosecution of any individual involved in vandalizing or burglarizing community property and/or the property of any Club Member. Anyone with information on the above is asked to contact Chief Ranger John Lamberton, any member of the Ranger Staff or the Pocono Mountain Regional Police Department. It is also important to note that it is the policy of the Lake Naomi Club to prosecute to the full extent of the law any individual

involved in vandalizing or burglarizing community property. There are no exceptions. In the event the individual is also a Club Member, it is the policy of the Lake Naomi Club to withdraw the Membership of that person for an indefinite period of time.

DOG PARK

With the addition of the Dog Park, we want Members and their pets to enjoy the facility with a few **safety suggestions** in mind.

1. **Make your initial visit to the park during a non-peak time.** This allows you and your pet to become familiar with the area. Non-peak times are usually weekdays during the late afternoon.
2. **Know your dog.** Not all dogs are good candidates for off-leash dog parks. If your dog has not had regular interaction with other dogs, it may lack the necessary social skills to make your visit safe and enjoyable.
3. **Let your dog off-leash** as soon as you enter the park. Mixing of leashed and unleashed dogs commonly causes problems. Leashed dogs often feel threatened by the free dogs and can display defensive behavior. If you are uncomfortable leaving your dog off-leash it is recommended that you do not visit the park.
4. **Follow Dog Park Rules.** Please read and understand all Dog Park rules before using the Dog Park.

DOG PARK GUIDELINES

1. The Dog Park will be open from sunrise to sunset.
2. Pick up after your dog. Use the provided bags and receptacle for the disposal of your dog's waste.

5. Aggressive dogs are not permitted on the premises. Dogs must be removed at the first sign of aggression.
6. Female dogs in heat are prohibited from entering the park. Spayed/neutered dogs are recommended.
7. Dog owners must be in the park and within view of their dog(s) at all times.
8. All off-leash dogs must be under voice control of their owners.
9. Dog owners must keep their leash in hand at all times.
10. Children are not recommended in the Dog Park. If you must bring a child to the Dog Park, supervise them closely.
11. Do not bring more than three dogs.
12. Please do not bring food or smoke (including e-cig) in the Dog Park.

LATE PICK-UP POLICY

The Lake Naomi Club staff works to provide your children with the best care possible during programming hours. The hours are set for programs in order to give you and the staff the ability to manage time and coordinate with the many other programs in the community. Late pick-ups often require staff to remain long after the program ends resulting in unbudgeted payroll expenses. In order to offset the cost of staffing and to encourage timely pick-ups the Recreation Committee has developed a Late Pick-Up Policy. Please note that Kids Klub ends at 12 Noon, Afternoon Klub ends at 3 PM and Night Recreation ends at 10 PM. If you are running late please call the Community Center at 570-646-8585 so your child does not worry about you. A late fee of \$20 will be assessed after the program closes. Ten minutes after the program closes an additional \$1.00 per minute will be added to the \$20 late fee. The fee must be paid at the front desk of the Community Center when you pick-up your child.

WINTER PROGRAMS

Be sure to read "*Reflections*" and weekly eblasts for exact dates and times of all Winter Recreation Programs. During the Winter months, try one or all of the activities listed below:

Cross Country Skiing: Cross country skiing is available at the Timber Trails Golf Course and on the leisure trail at the Community Center. You must provide your own skis.

Snow Sledding Hill: Try sledding down the snow hill located to the right of the Lake Naomi Clubhouse (on the lawn area). Hay bales will outline the area to be used and will be placed along the shoreline to prevent sliding onto the lake. (The sledding hill will be closed when conditions do not permit safe usage and will be posted as such at the top of the hill).

Indoor Archery: On various holiday weekends throughout the off season, our recreation staff will be hosting open range times as well as Tournaments. During open range times you can practice your technique or learn new skills. For the Tournaments you must sign up prior to the tournament and you must already know how to shoot. Children should be fully supervised during these events and everyone should be in at least third grade to participate.

NO SHOW POLICY:

All players are given a ten-minute grace period after which the court becomes available for registration by another person. In the event of a no-show, players may be charged for their reserved time. After the second no-show, a warning will be issued that upon the next failure to show for play, a Member's privilege to reserve a court in advance will be forfeited for the remainder of the season.

PLAYER CHECK-IN:

All members with reservations at the Lake Naomi Tennis Center and Timber Trails Tennis Complex must check in at the Pro Shop. All members must enter the Pro Shop prior to play when accompanying Guests or playing in clinics, lessons, round robins, tournaments or events.

11. Running, boisterous or rough play, pushing, acrobatics, dunking, wrestling, excessive splashing, yelling, diving or jumping haphazardly, snapping of towels, improper conduct causing undue disturbances in or around the pool area or any acts which would endanger any patron are prohibited.

12. The diving well is reserved for divers. Only one diver at a time may use a board. Dive straight ahead, never toward a wall or ladder. The next diver in turn may dive only after the person in front has reached the ladder safely and the lifeguard indicates it's their turn.
13. Swimming goggles are permitted at LNP, TTP, and CCP. Snorkels, masks, fins and mermaid tails are only permitted in designated lap lane areas at LNP and CCP.
14. The Pool Supervisor and lifeguards are authorized to close the pool when necessary for weather safety or maintenance reasons. Water and the pool area will be cleared in cases of dangerous weather conditions and, at their discretion, will be kept cleared for at least 15 minutes after the last thunder is heard. The entire pool area will remain cleared for at least 30 minutes after the last lightning is observed.
15. The wooden deck at the Lake Naomi pool and the flagstone deck at the Timber Trails pool are designated as the **ONLY** areas for eating. Due to limited seating, these decks are reserved for consumption of items purchased at the cafes. Picnic tables near the marina at the Lake Naomi Pool and picnic tables between the Timber Trails Clubhouse and pool are available for those who bring their own food and beverages. Patrons will not be permitted to bring coolers into the pool areas. Footwear is strongly recommended on all decks.
16. Drinks are permitted off the deck in non breakable containers. Glass and cans are never permitted.
17. Swimmers are to listen for lifeguards instructions when one short whistle blast is heard.
18. Swimmers are to clear the water immediately when they hear three whistle blasts. This indicates that there is a water emergency.
19. No one may enter the pool unless a lifeguard is on duty.
20. Please do not distract the lifeguards from their responsibility to safeguard pool users by unnecessary conversation.
21. Patrons who bring electronic devices are required to use headphones.
22. Patrons shall be respectful to their fellow Members by turning cell phone ringers down and limiting conversation in common areas.
23. Smoking (including e-cig) is only permitted in designated smoking areas at both pools.
24. Pets are not permitted in any pool areas.
25. Strollers and small portable play pens are permitted only on the grassy areas at both pools.
26. Only very small individual chair mounting shade umbrellas are permitted. Structures, large umbrellas and tents are not permitted.
27. Boating, fishing, wading and swimming are not permitted from the shoreline within the Lake Naomi Pool enclosure.

LAKE NAOMI POOL SLIDE GUIDELINES

1. Participants may proceed down the slide only after being directed to do so by the lifeguard stationed at the top of the slide.
2. Only one person may go down the slide at a time.
3. Participants may go down the slide in either a seated position or lying on their back. Feet must enter the water first.

4. After entering the water from the slide, participants should immediately swim to the ladder to the left of the slide in order to exit the diving well area.
5. Absolutely no horseplay will be permitted on the slide or on the slide's steps.
6. Flotation devices and goggles are not permitted on the slide.

LAKES, BEACHES AND BOATING

Club Beach (including the outdoor restroom facilities) will be open and staffed from 11:00 AM to 6:00 PM (weather permitting) the three days of Memorial Day Weekend and weekends thereafter until Club Beach and the balance of the beaches in Lake Naomi and Timber Trails open for the Main Summer Season, June 24. The beaches will then operate seven days a week (weather and staffing permitting) through Labor Day with the exception of Deer Trail and Judges Pond. These two beaches will only operate on weekends throughout the main Summer Season.

BEACH GUIDELINES

The lifeguards and safety boat operators on duty are responsible to assure a safe, sanitary and enjoyable operation for Members and Guests by enforcing guidelines established for their protection and benefit and by taking any other action they deem appropriate to discharge that responsibility. Normal beach hours are 11:00 AM to 5:45 PM, weather permitting. Club Beach remains open as late as 7:45 PM as needed for high volume, events and as staff permits. Opening/Closing decisions are made at the sole discretion of the Beach Supervisor on duty who also has the authority to exclude any individual whose behavior unreasonably inhibits the safety and/or enjoyment of another Member.

1. Members shall sign in at the lifeguard station and present current Membership identification to the lifeguard on duty. Use of someone else's identification may result in suspension of Membership privileges.
2. Guests must be accompanied by Member who shall be responsible for them. Guests shall be subject to the same rules and regulations as Members. Guests are permitted as a privilege and cooperation of Members is requested so that abuses will not occur.
3. Children under 10 years of age are permitted on the beaches only if accompanied by a responsible person (16 years of age or older). The responsible person ***shall remain close to the child*** and is responsible for the child's behavior and conformance with these regulations.
4. Although beach use is permitted when lifeguards are off duty. Swimming is **not** recommended and is at the **Member's own Risk**.
5. The rope markers indicate a change in water depth. Swimming beyond the ropes is subject to supervision and approval of the lifeguard.
6. Children who cannot swim must be within arm's length of a responsible adult (age 16 or older).
7. Reasonably sized flotation devices and toys are permitted within the roped areas. Use of flotation devices both inside and beyond the ropes are subject to supervision and approval of the lifeguard.
8. Running, dunking or other horseplay is unsafe and not permitted.

9. **NO GLASS** is permitted on the beaches or adjacent grassy areas.
10. Consumption of food and beverages is limited to small snacks and small beverage containers. Picnicking with large food and beverage quantities is permitted only at Club Beach, the Park at Club Beach, and Timber Trails Beach and is limited to the grassy areas provided for that purpose. The tables on the patio at the Boathouse Cafe at Club Beach are reserved for consumption of items purchased at the café.
11. Personal umbrellas which attach to a beach chair are preferred on beaches rather than large beach umbrellas which often become safety hazards in breezy conditions. Those wishing to use small scale shade apparatuses must first seek approval of the lifeguard and/or Beach Supervisor who has the authority to refuse use according to daily weather conditions and attendance. Any approved shade structures must be set to the **outer perimeters** to avoid both visual and safety obstructions
12. Smoking of any kind including e-cig is **NOT** permitted on any of the LN-TT Beaches.
13. Pets are not permitted on the beaches or their adjacent grassy areas. The only exception to this rule is service animals. A service animal as defined by the American with Disabilities Act is a pet that is individually trained to do work or perform tasks for a person with a disability. Please note that comfort and therapy dogs or animals do not have the training to do specific tasks in assisting a person with a disability or impairment; and are not protected by the American with Disabilities Act.

Pets are permitted on the Lake Naomi and Tall Timber dam grassy areas.
14. Boating and fishing are permitted no closer than 25 feet from the swimming area and marinas.
15. Ball playing and other "active" games are permitted in the sand areas of the beach only during times where it may not disturb other Members and are preferred at the far perimeters.

18. Swimmers are to clear the water immediately when they hear three whistle blasts. This indicates that there is a water emergency.
19. The lifeguards are authorized to clear the water and beaches in case of dangerous weather conditions. Water will remain cleared at least 30 minutes after the last thunder is heard. The beaches will remain cleared at least 30 minutes after the last lightening is observed.
20. Lifeguards are responsible for safeguarding beach users; they should not be distracted by unnecessary conversation.

LAKE AND WATERCRAFT GUIDELINES

Lake Naomi is a mountain lake with cold springs and obstacles at or below the surface and is subject to squalls and unpredictable weather, all of which can be unsafe for watercraft and dangerous for swimming. Beginner and refresher instruction on watercraft handling and sailing is available from the Club. Contact the Club Beach Supervisor in the Sailing Office at 570-646-LAKE for details. Radio-equipped Safety Boats are maintained at Club Beach or on the water during normal operating hours and can be contacted to respond to lake emergencies through the Sailing and Beach Staff Members or by calling the Gatehouse at 570-646-2550. The Beach Staff and Safety Boat operators are on duty to assure safe and enjoyable operations for Members and Guests by enforcing the guidelines established for their protection and benefit by taking any action they deem appropriate to discharge that responsibility. The lakes and ponds in the Community, although owned by the Club, are subject to the Pennsylvania State Boating Requirements. The Safety Boat operators will monitor Member compliance with the Boating Requirements listed below. Members are responsible to comply with the following and if found in violation of these rules are subject to fines by the Pennsylvania Fish and Boat Commission.

1. Electric motor-driven watercraft must be registered with the Commonwealth of Pennsylvania.
2. Rubber rafts and watercraft must meet USCG safety standards and be at least 8 feet in length to be used in the lake as a boat and must be registered with the Club as such. Rafts smaller than 8 feet must remain within 25 feet from the property in which they are launched.
3. Paddleboards are considered watercraft and must be registered and stickered as such. Personal floatation device rules and age restrictions for boating also apply to paddle boarders.
4. Water trampolines are permitted only at the Member's private dock and must be permanently secured to their dock.

Watercraft Life Jacket policy - Pennsylvania State Law and Lake Naomi Club require:

1. Watercraft may be operated only if equipped with one wearable personal USCG (United States Coast Guard) approved flotation device for each person on board. Seat cushions, etc. do not satisfy this requirement.
2. All Children age 12 and under must wear a USCG approved personal flotation device (PFD) at all times.
3. Life Jackets must be worn on any watercraft less than 16 feet in length at all times between November 1 through April 30.
4. All watercraft operators are required to carry a device capable of sounding a prolonged blast for 4-6 seconds that can be heard by another boat operator in time to avoid a collision. A whistle is acceptable.

Anyone using or renting a LNC watercraft must wear a personal USCG (United States Coast Guard) approved flotation device at all times.

The Safety Boat operators will also see that the following additional Club guidelines are observed:

1. Watercraft are generally restricted to being propelled by human effort or wind action. Watercraft may be propelled by battery powered electric "fishing motors" so long as the sound generated and the speed attained are similar to that produced by or attainable by human power (**approximately 3 mph**). **Electric powered boats must never generate a wake.** Specifically electric motors are limited to 1.5 horse power rating or 115 thrust rating.
2. Boaters and fisherpersons must maintain a safe distance (never closer than 25 feet) from other boaters, marinas, beaches and swimming areas. Furthermore, maintain a distance of 25 yards from orange buoys used as race markers during sailboat races and sailing instructional classes.
3. Swimming from watercraft or in the open lake rather than beach areas is discouraged. All swimmers outside these areas **must** be closely accompanied by an attending boat and approved in advance by the Club Beach Supervisor at 570-646-LAKE.
4. **Do not dive from watercraft. Hidden rocks or stumps can cause serious injury.**
5. It is recommended that children age 12 and under be supervised by an adult on all lakes and ponds. Parents or guardians should consider a youth's water skills, maturity level and the water activity when considering leaving a youth unsupervised on any lake or pond. Life guards and safety boats cannot supervise boating activities at all times so all participants should be able to swim and be responsible for their own safety.

PA State Law and Lake Naomi Club require all children 12 and under wear a USCG approved personal flotation device (PFD) at all times.

6. Any of the lakes, ponds and islands are available for recreation from dawn to dusk. Camp fires in these areas are never permitted.
7. Boating or sailing in stormy weather is extremely dangerous. Bring your watercraft to shore at the first sign of a thunderstorm.

DO NOT WAIT!

8. Playing of music in any boat at any time is strictly prohibited.

9. All boaters must wear their personal flotation device (PFD) at all times when the "PFD Required" flag is flying from the flagpole at Club Beach. This triangular yellow flag will be flown during times of high winds and unpredictable weather.
10. In order to prevent the spreading of Aquatic Invasive Species (AIS), aquatic nuisance algae, and disease, **ALL** boats/watercrafts, trailers, inflatable watercraft and rafts, fishing clothing and gear used in other waters **MUST** be properly treated with a 2% bleach and hot tap water solution, and then allowed to thoroughly dry **PRIOR** to use at Lake Naomi-Timber Trails. The solution can be applied by using a hand sprayer or a spray bottle: Spray on, allow to dry, no wiping needed.
11. There is scheduled instructional and/or recreational sailing activity on the lake every day. The weekends are particularly busy with races, regattas and the adult sailing instructional program. In the interest of safety, casual boaters are asked to give way to boaters involved in organized activities and must stay 25 yards away from sailing buoys (anchored orange inflatables). Additionally, stay well clear of the race course leaving considerable space for sailors to alter course due to wind when you see the orange buoys on the lake.

WATERCRAFT TYPE AND SIZE GUIDELINES

The characteristics of Lake Naomi have been the factors determining the Watercraft Type and Size Policy for the Club. The Lake is generally shallow, (one to three feet over much of its area, and rarely over six feet). Consequently, high speed, gasoline-powered watercraft are not appropriate, not only for reasons of traffic safety and noise, but also because the lake's ecosystem would not withstand any appreciable amount of pollution which would occur from a multiplicity of motors. Accordingly, only a few Club-owned watercraft used for safety, maintenance and organized programs are gas-powered.

It is not practical for larger sailboats to be used on the lake due to its limited sailing area, so smaller, monohull sailboats have been chosen for fleet sailing.

Another factor governing size is the limited amount of storage space available in marinas. In order to maximize the number of lakeside pullup storage racks, they must be placed so that watercraft of no more than 14 feet in length and 5 feet in width can be accommodated. Somewhat larger watercraft are permitted on the water (see size policy listed below), but will require storage on private property or transportation to the lake for each use.

If you are contemplating purchasing a boat (and/or electric motor) for use on LN-TT lakes that differs from common boats on the lake, it is best to request approval beforehand to be sure it meets LNC Guidelines.

GENERAL

All watercraft must be maintained in a quality condition so as not to present a safety hazard or an eyesore. No watercraft are permitted with either permanent or portable toilet facilities. Watercraft may not be used for overnight camping or sleeping. Watercraft registration and storage etc. are for the direct use and benefit of end users and may not be commercially exploited. (Specifically, registrations and storage locations may not be resold, rerented, etc. No Scalping Permitted.) Gasoline motors of any type (other than Club owned for Club purposes) are not permitted on the lakes and ponds, even if they are not being utilized or are tilted up out of the water. Electric motors (registered with the Commonwealth) are permitted to propel watercraft. Jet skis are also not permitted.

SIZE LIMITS

Monohull sailboats are limited to a length of 16 feet and a beam of 6 feet. Fixed keel boats are not permitted. It is recommended to Club Members that they obtain a sailboat that is represented by one of the organized fleets on the lake (Duster, Sunfish, Laser) if such a boat would meet their needs or otherwise obtain a boat that, through its relative popularity, demonstrates itself to be suitable for the lake.

Multihull sailboats are limited to a length of 14 feet and a beam of 8 feet, however, it is recommended to Club Members that they not maintain any multihull sailboats on any of the Club's lakes. Limited sailing area and irregular conditions are not suitable for this type of craft.

Rowboats and pedal boats are limited to the size of the monohull sailboats (16 feet long with a beam up to 6 feet). Canoes, kayaks, and rowing shells must fall into one of the following limits: (a) 18 feet in length and 40 inches in beam; (b) 25 feet in length and 30 inches in beam. Pontoon, platform and deck boats are not permitted.

Watercraft on lakes other than Lake Naomi are restricted to a length of 14 feet and a beam of 5 feet, except for canoes, kayaks and rowing shells which may be up to 17 feet in length.

SCULLS / SCULLING

For safety reasons the following rules will be enforced in 2021 and forward. Currently all Members that have registered sculls as of 2020 are grandfathered and no new registrations are being accepted. Only these registered member families are permitted to scull or place a scull on Lake Naomi.

Sculling on Lake Naomi in the Summer Season (usually the 4th Saturday of June to Labor Day) is permitted only before 10 AM and after 5 PM.

Recommended safety protocols:

- A limit of 5 sculls be on the lake at any one time.
- Single sculls only
- Look frequently for obstacles and other watercrafts.
- Using mirrors to assist with mobility.
- Install or use a flashing light, like a bike.

If another watercraft is crossing your path, alert them by yelling "Look Ahead", stop your boat and do whatever is possible to mitigate a collision.

WATERCRAFT REGISTRATION GUIDELINES

Members are required to obtain an annual Lake Naomi Club Registration Sticker for all watercraft that they intend to use on the lakes or store on Club Property during the watercraft season. Boats that utilize electric motors must also be registered with the state of PA. A copy of the current Pennsylvania Boat Registration is required for boats that utilize electric motors.

SEASON — The boating season is from April 15 through November 15 each year. Watercrafts may be on the lake and stored on Club property hitching posts during this time. Boat Rack Storage dates differ. See "Usage Period" in the next section.

MAXIMUM REGISTRATIONS — Up to a total of five (5) watercraft may be registered per Membership. Members who store all of their watercraft on their own property may register up to eight (8) watercraft. A copy of the current Pennsylvania Boat Registration is required for any boats owned by Club Members that utilize electric motors.

REGISTRATION STICKER — The Registration Sticker must be permanently affixed to the starboard (right) side, on the stern (rear) of the watercraft by the Saturday prior to Memorial Day weekend each year. The current sticker must overlay or replace any previous year's sticker. All watercraft registration stickers must be permanently attached to the watercraft assigned to that registration sticker. Any temporary attachment of watercraft registration stickers is prohibited. A \$20 non-refundable fee will be charged to replace a lost registration sticker.

COMPLIANCE — Safety Personnel and Rangers will monitor on-water registration compliance and compliance in marinas and on other Club Property.

ENFORCEMENT — Watercraft on Club Property (which includes most lakefront properties) without current stickers or registered watercraft left on Club Property beyond the season will be removed and delivered to their owners. The service fee for a watercraft delivery is \$100.00. When possible, the owner of the watercraft will be notified.

WATERCRAFT RACK USAGE

Boat and canoe/kayak racks are situated at the various beaches and access points around the lakes and are assigned according to the member's assignment area (refer to Watercraft Guidelines and Boat Racks Map on the LAKE/Watercraft page in the members' section of the website) AND their date of payment. All payments received between December 15 and January 2 will be held together and drawn at random for assignment.

1. Members who pay between December 15 and January 2 requesting racks **IN THEIR ASSIGNMENT AREA** will be assigned first, according to their randomly selected number.
2. Members who pay between January 3 and January 31 requesting racks **IN THEIR ASSIGNMENT AREA** will be assigned next, on a first paid, first assigned basis.
3. On February 1, members who paid between December 15 and January 2 requesting racks **OUTSIDE THEIR ASSIGNMENT AREA** will be assigned according to their randomly selected number.
4. Members who paid between January 3 and January 31 requesting racks **OUTSIDE THEIR ASSIGNMENT AREA** will be also assigned on February 1, according to the date their payment was received.
5. Members whose payments are received beginning February 1 and beyond will be assigned according to the date their payment was received without regard to their assigned area.

Club Beach Boat Rack Users: The assignment of boat racks at Club Beach Marina will be done based on the type of boat you have. The Club groups boats based on the type of boat it is (i.e. Sunfish, Dusters, etc.) Therefore, the boat registration information must be completely filled out with the boat description when completing your membership invoice.

MAXIMUM RACKS — There is a limit of three total racks per membership with boat (lakeside) racks being limited to two per membership. Please do not request racks unless you need them. No refunds will be issued. These limits may be exceeded after June 1, based on availability.

USAGE PERIOD — The rack usage period is from the Saturday prior to Memorial Day Weekend until November 1. Watercraft left on racks after the expiration of the usage period are subject to the same pick-up and storage fees listed in the "WATERCRAFT REGISTRATION GUIDELINES" section on the previous page.

RESTRICTIONS — Lakeside boat racks are constructed and positioned to accommodate watercraft with a maximum length of 14 feet and width of 5 feet. Watercraft that exceed these dimensions may be stored, upon request, in special areas for an additional fee. The elevated racks are for canoes, kayaks and paddleboards. Watercraft stored other than on racks on general access Club property are limited to a weight of 300 pounds. Club racks are designed to accommodate a single watercraft; however, in limited cases an additional watercraft may fit within the given space, e.g. two paddle boards or a kayak and a paddleboard. In all cases the watercraft must fit safely within the confines of the space provided. Members must notify Club Administration, at time of registration, any intention to store more than one watercraft.

Watercraft that infringe on neighbors space or are deemed unsafe storage in view of Club Management must be removed. Failure to do so will result in the Club removing the watercraft and a member charge of a \$100 violation fee.

MARINA ACCESS POINTS - Club marinas have an access point for launching and removing watercraft from the water. This access point is typically an open space between boat racks and it must remain clear for use by boaters at all times. Please do not leave watercraft blocking the access point.

GEAR STORAGE — Additional boating and beach gear (ie. lifejackets, fishing gear, beach chairs, etc.) may not be stored with and/or under boats or on boat racks. Storage of these items exacerbates the already crowded water's edge and boat storage racks as well as can become an eye sore to the lakefront and beach areas.

INFLATABLES, FLOATING MATS & PLATFORMS — Inflatable watercraft of any type or size including rafts, floats and platforms as well as any floating mats and platforms are not allowed to be stored on club property overnight and must be returned to the member's or temporary member's property.

OWNER LIABILITY — The Lake Naomi Club cannot guard against theft or damage of watercraft while stored on Club-owned racks or property. The Club provides no insurance coverage for watercraft and other personal property of Club Members and Guests. It is recommended that all watercraft be locked to the racks at all times that they are unattended. The Club is merely providing racks and storage space in order to facilitate participation in water-related activities.

HITCHING POSTS — Limited hitching post areas are provided at West Beach, and Tall Timber Lake Marinas. All "unracked" watercraft must be hitched to these posts. There are no hitching posts at Club Beach, North Beach, Pebble Beach or Lake Naomi Pool. Limited space does not allow for "unracked" watercraft. Hitching to trees, rocks, fence and shrubbery is not permitted. Stacking boats on top of other Members' boats is not permitted. Members' boats found on top of other boats and therefore being a nuisance to other Members may be removed and no longer permitted to use the hitching posts. Watercraft attached to natural or man-made fixtures, other than a hitching post, will be removed. Members' boats that are removed for rule infraction will be charged a \$100 violation fee.

FLOATING DOCK — There is a floating dock system at the Administrative Office Marina. A limited number of docks are available to Club Members at the rate of \$235 per season. First preference is given

to Members who occupied these the year prior. Assignment of any docks that become available is done from a waiting list. Boats with the maximum dimensions of 16 feet in length and 6 feet in width will be permitted. The usage period for the floating dock is from the Saturday prior to Memorial Day Weekend until the Monday of Columbus Day Weekend.

FISHING GUIDELINES

All fisherpersons must wear a current Membership ID along with their Pennsylvania Fishing License (required of all fisherpersons 16 years of age and older). Violators are subject to fines by the Pennsylvania Fish and Boat Commission.

SEASON, SIZES & CREEL LIMITS

The following species of fish (with their respective seasons, sizes and creel limits) are commonly found in the Lakes and Streams in the Lake Naomi and Timber Trails Community.

Trout: Season opens 8:00 AM April 1, 2023. Guidelines same as the Pennsylvania Fish & Boat Commission Regulations. Trout must be at least seven inches in length and each person may keep five combined species of trout per day. Regular season goes from opening day until Labor Day. Extended season is the day after Labor Day - December 31 and January 1 - February 20 where three combined species per day are allowed. From that date all trout are catch and release. Streams are closed to fishing from the Saturday prior to opening day until opening day.

Bass: Bass season opens on June 15. No Bass may be kept in any waters of the Lake Naomi Club (Lake Naomi, Deer Trail Lake, Tall Timber Lake, Judges Pond, Trout Pond, Hemlock Pond). **All Bass are catch and release.**

Panfish: This category includes sunfish, yellow perch, crappies, blue gills and catfish. For each species there is no size limit and the season is open year-round.

Pickerel: Pickerel season is year-round and guidelines same as the Pennsylvania Fish & Boat Commission.

Walleye: Walleye are a popular catch for anglers seeking fish that can grow to significant size and make great table fare. Guidelines same as the Pennsylvania Fish & Boat Commission, minimum harvest size of 15 inches and a daily creel limit of six fish.

CLEAN UP YOUR FISHING SITE! The Lakes and Streams throughout the Lake Naomi and Timber Trails Community are shared by fellow Club Members for various recreation activities. It is essential for all fisherpersons to clean up their fishing sites before they leave. Litter, including bait containers, fishing line and plastic and paper wrappers, are unsightly to Club Members and a potential danger to wildlife and bare feet.

BOAT FISHING: Club Members are urged to use extreme caution while fishing from rowboats or canoes. Coast Guard Approved Personal Flotation Devices are required for each occupant on all types of watercraft on all waters in the State. Any boats using electric motors must be registered with the PA Fish Commission. All boats used on Lake Naomi, Tall Timber Lake, Deer Trail Lake, Judges Pond and Trout Pond must be registered with the Administrative Office with the current

year's registration sticker. The registration sticker should be affixed to the starboard (right) side, on the stern (back) of the watercraft by the Saturday prior to Memoiral Day weekend each year.

VEHICLE STICKERS FOR FISHERPERSONS: Club Members are strongly encouraged to obtain a vehicle sticker(s) from the Administrative Office to affix to the driver's side front bumper of their vehicles. This will assist the Patrol Rangers in identifying the vehicle as a Member in good standing. Vehicles without stickers that are parked at lake access areas give the Rangers reason to be suspicious of a non-Club Member using the lakes.

LAKE NAOMI CLUB SAILING ASSOCIATION

The Sailing Association, in conjunction with The Lake Naomi Club professional staff, administers recreational and instructional boating programs for both junior sailors and adult sailors throughout the Summer Season. Questions about these programs should be directed to the Sailing Office, 570-646-LAKE or the Community Center in the preseason. Officers of the Association are elected at a Membership Meeting at the Clubhouse on Labor Day. All Members of the Lake Naomi Club are qualified voting Members of the Association. The Commodore is the Chairman of the Sailing Council and serves on the Lake Naomi Club Board of Governors.

GENERAL INFORMATION:

For your protection the Lake is patrolled by safety boats during recreational hours. Honor the directions of the safety crews.

Before boating, be sure you are familiar with the safety rules listed under **Lakes, Beaches & Boating** in this guide, and consider carefully whether your boating skills are equal to the challenge of the lake. Instructional assistance in boating and sailing is available to all Members.

There is scheduled instructional and/or recreational sailing activity on the lake every day. The weekends are particularly busy with races, regattas and the adult sailing instructional program. In the interest of safety, casual boaters are asked to give way to boaters involved in organized activities and must stay 25 yards away from sailing buoys (anchored orange inflatables). Additionally, stay well clear of the race course leaving considerable space for sailors to alter course due to wind when you see the orange buoys on the lake.

WEEKEND RECREATIONAL SAILBOAT RACING:

All Members are invited to join in the fun of the weekend races. Many people require a measure of competition in their recreational activity in order to experience full pleasure. To provide the competitive element in sailing LNC offers a premier program of competitive sailing. Close to one hundred and fifty races divided into three series and additional regattas are staged for sailors in three classes of boats — Dusters, Lasers, and Sunfish. There are at least two races each Saturday and each Sunday from Memorial Day Weekend to Labor Day Weekend. Check the schedule posted on the Sailing Association Bulletin Board at Club Beach or in the Summer Calendar for full details.

RC (RADIO CONTROLLED) SAILING:

A fourth sailing class sails many Thursday and Sunday afternoons on Lake Naomi near the Administrative Office from May through October and in the LSCC Pool from November through April. Please see the Summer Calendar and the CC bulletin board for the details.

There are no special qualifications for racing at Lake Naomi.

Less experienced skippers are invited to participate in races run specifically for novice sailors and the "Not Ready for Prime Time" (NRPT) Fleet. Interested Members should refer to the Summer Calendar and Sailing Office for more details. Sailing instructions, including an explanation of the courses, the signals, scoring, protesting and rules, are posted on the Sailing Association Bulletin Board at Club Beach.

THE INSTRUCTIONAL PROGRAM:

In a lake community, boating is a part of every Members' experience. It is important, for the purpose of full enjoyment and personal safety, that Members of all ages are comfortable on the water in boats. The Sailing Association, in conjunction with the Lake Naomi Club professional staff, conduct recreational and instructional sailing programs for both juniors and adults throughout the summer season. Questions regarding these programs, including registration, fees and dates, should be directed to the Sailing Office at (570) 646-LAKE or the Community

Center at (570) 646-8585. Information can also be found on the Annual Summer Calendar. Registration and payments are handled through the Recreation Department's Campbrain's website.

THE JUNIOR PROGRAM — This program runs Monday through Friday. Each group is scheduled two days per week of instruction beginning Monday, June 26 and continuing into August. The emphasis is on both recreational sailing and racing for the more advanced sailors. Students are organized by interest and skill level into developmental fleets. It is a fun program structured to produce safety conscious, knowledgeable, skilled sailors. All Members who are between the ages of eight and sixteen as of September 1 and who can pass the swimming requirements, are welcome to participate.

Class size will be limited at each level to three students per sailing instructor. A parent is required to accompany each junior sailor to one of the first classes to become oriented to the program, meet the instructor, understand safety and equipment responsibilities and have an opportunity to ask questions.

THE ADULT PROGRAM — This program is for male and female Members over the age of 16. A series of (three) two-hour classes for beginners through advanced beginners will be offered on Saturday mornings during the Summer Season. Adults will have the opportunity to learn and improve their basic sailing skills. Contact the sailing office for more information at 570-646-LAKE.

DINNERS AND RECEPTIONS:

The Annual Sailing Family Pot-Luck BBQ and Season Kick Off hosted by the Sailing Association will be held on the Sunday of Memorial Day Weekend at 5:00 PM at the Park at Club Beach or the Top of the Hill at Club Beach.

The Annual End of Season Reception and Award Ceremony will be held the Sunday of Labor Day Weekend at the Lake Naomi Clubhouse. All Club Members and their Guests are invited to attend. Preregistration is required in the Sailing Office.

Additional special events are also scheduled during the Summer, see the Weekly Flyer and Summer Calendar for details.
