A scenic sunset over a lake. The sun is low on the horizon, casting a golden glow across the sky and reflecting on the water. The sky is filled with scattered clouds, some of which are illuminated from below by the sun. In the foreground, the dark silhouettes of trees and a line of canoes are visible along the shore. The overall mood is peaceful and serene.

Environmental Stewardship

RECURRING EVENTS

Lake Naomi Pollinator Garden

Summer Helpers are Needed

Have you ever walked the path by the spillway in the summer months and caught some of our pollinator friends “working” in the big garden? It is amazing to watch the bees, butterflies and other wildlife!

To keep it viable for our pollinators, ongoing maintenance is needed. Committee members welcome your assistance! No special skills or knowledge is required, and we welcome helpers of any age!

On designated Saturdays, a committee representative will be on-site from 9:00 AM to 12:00 PM to work with community volunteers to clear weeds and remove invasive plants. You can bring your own gardening equipment, or there will be equipment available for use.

Sign up on the App (Main Menu > Events & Programs > ESC) for any of the dates listed below. Feel free to BRING A FRIEND! Please contact Jim Price with any questions: jprice@lakenaomiclub.com

EVENTS

iNaturalist/BioBlitz Meeting

Become a Citizen Scientist

The Environmental Stewardship Committee plans to organize a “BioBlitz” in 2027 to identify the vibrant biodiversity of the new trail system adjacent to the Community Center.

To prepare for this initiative, the Committee will host a meeting for community members to learn the basics of iNaturalist, the primary tool that will be used to capture observations during the BioBlitz. Please join us on **July 11th, 2026 from 1:00 PM - 2:30 PM** at the Community Center for an iNaturalist tutorial to learn the basic functions of the application. Weather permitting, using iNaturalist, we’ll take a short hike on the trails to begin recording the amazing wildlife and plants that make Lake Naomi their home.

A Guided Tour of the Tannersville Cranberry Bog

Join your Lake Naomi friends on **July 25** for an educational guided tour of the Tannersville Cranberry Bog led by The Nature Conservancy staff and sponsored by the LNC Environmental Stewardship Committee.

The tour will take us along the floating boardwalk to learn about the bog’s formation, its unique plant and animal life, and the ongoing stewardship responsibilities of the Kettle Creek Environmental Education Center and The Nature Conservancy. This low-elevation boreal bog is a very rare ecosystem. It is an intricate landscape transformation that took place over the millennia and provides important environmental protection benefits. It would be impossible to replace. Because of its fragile nature, the bog can be visited only during scheduled walks.

You can learn more about the Bog here. <https://www.nature.org/en-us/get-involved/how-to-help/places-we-protect/tannersville-cranberry-bog-preserve/>

Our visit, suitable for families, will last about two hours. **Two sessions are planned: 9:00 AM and 4:00 PM.** Each tour can accommodate a maximum of 20 people. No fee.

To register, go to the LNC Mobile App, select Events & Programs, select the “ESC” tab, and then scroll to find the July 25 Guided Tour of Cranberry Bog and click on it to begin registration.

Fishing

SEASONS, SIZES AND CREEL LIMITS

The following species of fish (with their respective seasons, sizes and creel limits) are commonly found in the Lakes and Streams in the Lake Naomi and Timber Trails Community.

Trout: Statewide Opening Day is Saturday, April 4 at 8:00 AM. Guidelines same as the Pennsylvania Fish & Boat Commission Regulations. Trout must be at least seven inches in length and each person may keep five combined species of trout per day. Regular season goes from opening day until Labor Day. Extended season is the day after Labor Day-December 31 and January 1-February 20 where three combined species per day are allowed. From that date all trout are catch and release. Streams are closed to fishing from the Saturday prior to opening day until opening day.

Bass: All Bass are catch and release in all waters of the Lake Naomi Club (Lake Naomi, Deer Trail Lake, Tall Timber Lake, Judges Pond, Trout Pond, Hemlock Pond and the Upper Tunkhannock Stream). Please keep fish in the water as much as possible and release with as little handling as possible.

Panfish: This category includes sunfish, yellow perch, crappies, blue gills and catfish. For each species there is no size limit and the season is open year-round.

Pickereel: Pickerel season is year-round and guidelines same as the Pennsylvania Fish & Boat Commission.

Walleye: Walleye are a popular catch for anglers seeking fish that can grow to significant size and make great table fare. Guidelines same as the Pennsylvania Fish & Boat Commission, minimum harvest size of 15 inches and a daily creel limit of six fish.

Dave Black Memorial Youth Fishing Derby

SATURDAY, JULY 11 | 9:00 AM - 11:00 PM | TROUT POND

Clean up your fishing site!

The Lakes and Streams throughout the Lake Naomi and Timber Trails Community are shared by fellow Club Members for various recreation activities. It is essential for all fisherpersons to clean up their fishing sites before they leave. Litter, including bait containers, fishing line and plastic and paper wrappers, are unsightly to Club Members and a potential danger to wildlife and bare feet.

Fitness

Please note: Regular fitness classes are featured in the Weekly E-Blast, Weekly Flyer, and flyer stands throughout the Club. The classes and events listed on this calendar are special offerings and are in addition to the regular fitness schedule.

TEE TIME AVAILABILITY

Monday, Wednesday, Thursday, Friday: 8:00 AM - 6:00 PM

Tuesday: 12:00 PM - 6:00 PM

(closed for course maintenance in the morning)

Saturday & Sunday: 7:00 AM - 6:00 PM

TEE TIMES

Tee Times are necessary and can be made online by logging into the desired member account on the Lake Naomi Club App, website (under the Golf & Racquets menu), or by calling the Golf Shop at (570) 646-9060.

CANCELLATION POLICY

Members are required to cancel or modify their tee-time reservation no later than 24 hours in advance of the scheduled reservation. If the change or cancellation is not made within this time frame, the member may be billed at the applicable price for all players booked under the reservation, including any guest fees. Golf gold subscribers failing to cancel may be charged the respective daily silver greens fee. The Golf Professional Staff will handle any cancellations or changes to tee time reservations within 24 hours on a case-by-case basis, and their decision to apply any cancellation fees is final.

The daily online tee sheet provides up-to-the-minute course conditions, including lightning, frost, rain delays, cart restrictions, and normal operating Golf Center closures.

LASER WORKSHOP

In the Laser sailboat workshops, students will have the opportunity to learn to rig and sail the ILCA class sailboat that is raced at Lake Naomi and around the world. Sailors will get hands-on experience with the boats working closely with instructors and fellow students in a small-group setting. By the end of the six-week program, students will be able to proficiently and confidently set up and sail these complicated boats. The Laser workshops will be held on Tuesday mornings June 30th - August 4th from 10:00 AM - 12:00 PM, with the first couple sessions devoted to the basics of the boat and how to rig them, with the latter weeks being solely devoted to time on the water. Weather contingency days will be Thursdays at the same time if the class is cancelled. Must have sailing experience.

DATES: JUNE 30, JULY 7, JULY 14, JULY 21, JULY 28, AUGUST 4.

DUSTER WORKSHOP

In the Duster sailboat workshops, students will have the opportunity to learn to rig and sail the Duster class sailboat that is raced at Lake Naomi. Sailors will get hands-on experience with the boats working closely with instructors and fellow students in a small-group setting. By the end of the six-week program, students will be able to proficiently and confidently set up and sail these large boats. The Duster workshops will be held on Monday mornings June 29th - August 3rd from 10:00 AM - 12:00 PM, with the first couple sessions devoted to the basics of the boat and how to rig them, with the latter weeks being solely devoted to time on the water. Weather contingency days will be Thursdays at the same time if the class is cancelled. Must have sailing experience.
